

Simulator Application Form

Packages are active for one year upon activation. Bookings times include set up and practice prior included within the allotted time booked. All packages are fully transferable and ideal for group play. The Indoor Training & Entertainment Center offers a little bit of everything and was designed to take advantage of the features our golfers will experience on the course itself.

Reserving Tee Times

Sessions are spaced 1 hour apart. It takes approximately 45 – 60 minutes/player to complete 18 holes. Thus, a foursome could play 18 holes in approximately 3.5 to 4 hours (depending on course familiarity, pace of play and skill levels).

Walk-Ins

Walk-ins can play / practice at the posted rate per hour and will be charged a pro-rated amount based on actual time on the simulator. Must stop prior to advanced reserved sessions.

Late Arrival & Cancellation Policy

If you arrive late you will still be charged for the full time you have reserved and you will have to stop play on the simulator before the next session. If you do not cancel your reservation at least 24 hours before your scheduled session, your account will be charged for the entire time reserved, unless we are able to fill your spot.
